OUR COMMITTEES

Membership:

To recruit and retain members and to expand the public’s knowledge of the Chamber’s Services and Programs as well as its benefits and value to our community.

Communications:

To promote business through a variety of ways, including a business directory, web site, educational opportunities and the promotion of good will in the community.

Retail & Business:

To encourage cooperative business ventures and area promotions through collaboration of ideas and resources.

Events:

To organize and promote upcoming annual and special events throughout the community with a greater emphasis on community involvement.

Finance:

To set responsible financial goals and objectives for the Chamber.

OUR STORY

The Waukon Chamber was officially incorporated in 1952.

The greatest advantage of the Waukon Area is the organized leadership of its business community. The Waukon Chamber represents more than 152 businesses, individuals and organizations dedicated to promoting a healthy local economy and the highest quality of life in our area. Your membership with the Chamber, your involvement in community activities, your visions, your insights and your feedback are all vital links in the chain of our community success.

Our businesses face many challenges in light of technology, the global economy/the shrinking world and other factors. While the players and the playing field change, the business of the Waukon Chamber is about facing the challenges, framing them as opportunities, meeting them head on and having a plan. We cannot be complacent about marketing the Waukon area – we must be proactive as an alternative to waiting for wake up calls.
